Medical.

Hoofland's German Bitters,
AND
HOOFLAND'S GERMAN TONIC.
The Great Remedies for all Diseases of the
LIVER, STOMACH, OR DIGESTIVE ORGANS.
Hoofland's German Bitters
Is composed of the pure juices (or, as they are medicinally termed, *Extracts*) of Roots, Herbs, and Barks, making a preparation, highly concentrated, and entirely *free from alcoholic admixture of any kind.*
HOOFLAND'S GERMAN TONIC
Is a combination of all the ingredients of the Bitters with the purest quality of *Santa Cruz Rum*, Orange, &c., making one of the most pleasant and agreeable remedies ever offered to the public.
Those preferring a Medicine free from Alcoholic admixture, will use
HOOFLAND'S GERMAN BITTERS.
Those who have no objection to the combination of the Bitters, as stated, will use
HOOFLAND'S GERMAN TONIC.
They are both equally good, and contain the same medicinal virtues, the choice between the two being a mere matter of taste, the Tonic being the most palatable.
The stomach, from a variety of causes, such as Indigestion, Dyspepsia, Nervous Debility, etc., is very apt to have its functions deranged. The Liver, sympathising so closely as it does with the Stomach, then becomes affected, the result of which is that the patient suffers from several or more of the following diseases:
Constipation, Flatulence, Inward Piles, Fullness of Blood to the Head, Acidity of the Stomach, Nausea, Heart-burn, Disgust for Food, Fulness or Weight in the Stomach, Sour Eructations, Sinking or Fluttering at the Pit of the Stomach, Swimming of the Head, Hurried or Difficult Breathing, Fluttering at the Heart, Choking or Suffocating Sensations when in a Lying Posture, Dimness of Vision, Dots or Webs before the Sight, Dull Pain in the Head, Deficiency of Perspiration, Yellowness of the Skin and Eyes, Pain in the Side, Back, Chest, Limbs, and Sudden Flushes of Heat, Burning in the Flesh, Constant Imaginings of Evil, and Great Depression of Spirits.
The sufferer from these diseases should exercise the greatest caution in the selection of a remedy for his case, purchasing only that which he is assured from his investigations and inquiries possesses true merit, is skilfully compounded, is free from injurious ingredients, and has established for itself a reputation for the cure of these diseases. In this connection we would submit those well-known remedies—

DEMOCRATIC CONFERENCE.

The Democratic Senatorial Conference met at Graeffenburg on Monday last—Hon. M. McCLEAN, Ex-Sheriff REBERT, and S. H. ECHOLTZ being the conferees from this county, instructed for Mr. MCDIVITT. The Franklin Conferees were instructed for C. M. DUNCAN. The "ring" in this place had, some weeks before the meeting of the Democratic County Convention, fixed up matters for the nomination of DUNCAN. The programme was for the time spoiled by the persistency of Mr. MCDIVITT and his friends, who demanded from the Convention Conferees who would stand by him, and thought they had it sure. Knowing ones, connected with the "ring," understood the matter thoroughly and gave out publicly that the original arrangement with Franklin would be carried through. Still it was thought best to send up from Gettysburg several gentlemen to see that DUNCAN suffered no harm. The Conference met, and balloted 21 times unsuccessfully on Monday night and Tuesday morning. The MCDIVITT men thought the Democracy of Adams had enough to do in carrying *one* DUNCAN, without imposing on them a second. The friends of DUNCAN on the other hand thought the MCDIVITT movement a rather insolent snubbing of the managers, which in turn ought to be snubbed by the Conferees. So the Conferees decided on the 22nd ballot, giving DUNCAN 5 votes and MCDIVITT 1. The "ring" triumphed, and sent MCDIVITT home with the admonition to behave himself in future, while the Democracy of Adams will be asked to elect the brothers DUNCAN—WM. A. as District Attorney, and CALVIN M. as State Senator. The same thing was asked three years ago, but the people "couldn't see it," and both came out of the canvass defeated candidates. Will they fare better this year?

NOMINATION OF JUDGE KIMMELL.

The Democratic Congressional Conference met at McIlvaine's on Monday, each county in the district presenting a candidate. As we go to press, a telegram informs us that JUDGE KIMMELL, of Chambersburg, has been nominated. We shall have something to say of him hereafter.

Mr. McPherson and his Assailants.

The annexed Card from our colleague, Hon. EDWARD MCPHERSON, now in Washington, is in reply to some charges which have recently appeared in several Democratic papers alleging malfeasance in office in the Clerk's office at Washington. It may be proper to explain that one W. J. MANKEN, lately employed in the Doorkeeper's Department, quarrelled with the Doorkeeper, and set to work to get up a pamphlet charging mal-administration and extravagance in the various Departments of the House of Representatives, which he sold, as a campaign document, to the Democratic National Committee, and by them has been printed. Upon the appearance of this pamphlet, the House ordered the Committee on Accounts to investigate the charges. MANKEN was summoned before the Committee, and after a thorough examination of the matter, the Committee made report entirely exonerating Mr. MCPHERSON. Mr. MCCULLOUGH, of Maryland, the Democratic member of the Committee, refused to defile himself with these miserable slanders, and in his report treated them with silent contempt. The Copperhead press, however, accept Manken's pamphlet as a perfect "God-send," and will doubtless give it a wide circulation, in the hope of covering up the terrible record of their party in the past.

Mr. MCPHERSON can afford to have these assaults directed against him.—Thrice elected Clerk of the House of Representatives, and that during the most critical period of our national history, when the administration of the office involved unusually grave responsibilities—the marked fidelity and integrity with which its duties have been discharged, have been again and again the subject of comment by the leading press of the country, while the confidence in his essential honesty induced Congress from time to time to devolve upon Mr. MCPHERSON, by special legislation, additional duties, as for example, charging him with the designation of newspapers to print the laws, as also orders of the Executive Departments. Detraction, it is said, loves a shining mark. ABRAHAM LINCOLN went down to his grave traduced and villified by Rebel haste and Copperhead malignity. Just now the whole tribe of malignant traitors and malcontents are vindictively hounding Gen. GRANT, and Mr. MCPHERSON should feel himself honored in being permitted to share these villainous assaults. With a public and private record challenging the most rigid censorship, he can safely abide the result.

An all-sufficient answer to these MANKEN charges, so far as concerns Mr. MCPHERSON, is found in the fact, that the Committee charged with their investigation, not only entirely exhonerated him, but reported to the House a recommendation *transferring the distribution of the stationery* (in which some irregularities were found) *to the Clerk*, which recommendation THE HOUSE UNANIMOUSLY APPROVED!—See Congressional Globe, July 24, 1868.

The writer of this has been long and intimately acquainted with Mr. MCPHERSON, who will pardon a statement which we take the liberty of making without his knowledge or consent. It is not always in the discharge of public duty, where records are made for public inspection, that the truest tests of a man's essential integrity and fidelity to official obligation are found. As one of many instances of Mr. MCPHERSON's conscientious use of official prerogatives, within the knowledge of the writer, may be mentioned the fact that he never permitted his frank to be used for any purpose not strictly covered by law, limiting it to public documents and letters written by or for himself. *He does not even frank the letters written by his wife or members of his family*, their letters being pre-paid the same as strangers. As is well known, he is the author of a Political Manual published every year since the Rebellion, which has a large sale and for which he has frequent applications. In mailing the Manuals he never franks them, but invariably pre-pays the postage—holding that, as they are not official public documents, the franking privilege does not extend to them. This may be a very small matter, but it is in little matters of this kind that we find the true test of character.

D. A. B.

CARD FROM MR. MCPHERSON.

MR. BUEHLER—You know, I rarely notice attacks; but there appear to be reasons why I should notice a series of falsehoods which are gradually appearing in several of the Democratic papers in the State—not because they affect me, but because they reflect upon Congress.

My recent speech in York has incited to a new use of these charges, which are either flagrant or substantial falsehoods.

Let me briefly reply.

First. No relative or connection of mine is upon the pay-roll of the Clerk's office. Let any one examine the last Congressional Directory, (copy sent herewith,) where the roll is given in full, and as it has been for many months, and this denial will be verified. Nor is any one upon it, who was not present, personally or by acceptable substitute, for duty during the whole of the last session of Congress.

Second. The horses required to be kept by the Clerk's office are the same now as for many years; and are fixed by the Committee of Accounts, which is always of mixed politics. They are as necessary to the prompt transaction of public business in Congress as in the various Executive Departments. They are not owned or furnished by the Government, but by the Clerk and his chief clerk. They are private property; and I pay taxes on them annually. If they are not needed, I shall be glad to know it, and get rid of the risk. Unfortunately, the new duties put upon me in the distribution of the Stationery, will increase the demand for this sort of labor.

Third. Whatever horses are brought by me to Gettysburg, are at my own expense—provision being made by me for all the work thrown upon the Clerk's office during every portion of the entire year. As this arrangement involves expense to myself only, it is difficult to see who can justly complain.

Fourth. When I am in Gettysburg, during recess, receiving my official mail daily, and doing the duties of the clerkship as regularly as if in Washington, I require the help of the employee referred to, who assists me *here*, exactly and as he does in Washington when the Clerk is *there*, on duty. Who can wring a wrong out of that?

I have but another remark. I knew of these charges, and have expected to see them figure in this campaign.—Months ago, as I learned within a few weeks, it was determined that I should be assailed. Spies were set upon me; they dogged me in Washington, tracking me in my daily life; they came to Gettysburg, visited among my relative and cautiously attracted conversation to me, seeking to catch a hint or a word which they might distort to my injury or ruin. *This I have on the unimpeachable authority of a Democratic Representative, who, having heard of this infamy, promptly denounced the use of this unheard of political agency.* Inexpressibly base as this was, yet it was not unnatural. I stood in December, 1865, alone, between the country and a Rebel Reconstruction which would have covered and crushed it with calamities. I thwarted the cherished scheme; incurred the mortal enmity of enraged political leaders; and was notified that they would have revenge. This is the nearest they have yet got to it. Rejoicing that God gave me strength to do my duty in that great crisis, I smile at the malice of these foiled conspirators.

In dismissing this subject, I challenge any enemy to prove a single official act which I have done, to be in disregard of law, or in violation of usage, or an injury to the public interests. Very respectfully yours,

EDW. MCPHERSON,

Clerk House of Reps. U. S.

GETTYSBURG, Aug. 25, 1868.

CHIEF JUSTICE CHASE, in a recent charge to a grand jury in Wheeling, declared that the Fourteenth Amendment has become a part of the Constitution of the U. S. This Amendment defines citizenship, equalizes representation, prohibits the payment of the Rebel Debt, and secures the validity of the Union War Debt, and disqualifies for office the leading perjured Rebels unless pardoned by a two-third vote of Congress.

This Amendment was made necessary by the results of the war, and is a part of the Reconstruction policy of Congress, which the New York platform pronounces to be revolutionary and void; and which SEYMOUR and BLAIR are pledged to overturn. If they be elected, and this be done every prepiexing question supposed to have been settled by the War will be reopened, and no one can tell when the country can find peace, or how soon another War may be forced upon us by the hot-bloods of the South.

THE notorious C. L. Vallandigham is the Democratic candidate for Congress in the third district of Ohio. He was a delegate to the New York Convention, and was largely instrumental in securing the nomination of Seymour. VAL's position on the War is well remembered. July 6, 1861, just before the battle of Bull Run, he uttered this sentiment:

"In this unholy and unconstitutional crusade against the south, in the midst of the insurrection and murder to which she has been subject, and with which she is still threatened, with the torch of the incendiary and the dagger of the assassin suspended over her, my most cordial sympathies are wholly with her."

AMOUNT OF THE DEBT.

The National Debt, August 1, was $2,523,524,480.67; but this includes $32,210,000 of bonds issued to the Pacific Railroad companies since the last statement in June. The interest on these bonds is paid by the companies, and is not a charge upon the Treasury; and the principal will, at the maturity, be also paid by the companies.

Throwing this item out of this statement, the debt is about $19,000,000 *less* than in July last; so that a satisfactory *reduction of debt is still in progress.*

AN Association of German Editors, Publishers, and others representing the German educational interests, has been formed in Pennsyvania, to urge the introduction of the study of German into the Public Schools. Prof. WILKEN, of this place, is one of the Executive Committee. We have received a copy of a strongly written appeal from the Association, urging the importance of the movement, and developing the fact that the study of German has been introduced into the schools of Cleveland, Cincinnati, St. Louis, and other western cities, and the experiment is claimed to be eminently satisfactory.

THE Democrats are "roping in" all the Rebel officials to help them put down GRANT. Their latest ally in this malicious work of detraction is ROBERT OULD, Confederate Agent of exchange of Prisoners.

OULD seceded from Washington and joined the Rebellion from love of it.—He served it till it expired. The people saved the country in spite of his opposition *then*. They will preserve it, in spite of his malignity, *now*.

A VETERAN Jackson Democratic rings out this stirring appeal:

Sir:—Gen. GRANT is a Jackson Democrat, and so am I. He can stamp his foot on Wade Hampton, as Jackson did on Calhoun. A still tongue makes a wise head.—The land that writes this voted for Gen. Jackson at his last term. Now the Hero's ashes in the grave would be ashamed of the party that call themselves Democrats. No trifling with men's souls that have laid down their lives for us!

THOS. B. CLARKE.

Red Bank, Monmouth County, N. J., Aug. 1, 1868.

REMEMBER that the Democracy are in favor of taxing REAL ESTATE as heavily as any other property; and that they in favor of taxing GRAIN AND ALL OTHER FARMS PRODUCTS as heavily as any other property.

This is written down in their Platform; and SEYMOUR and BLAIR have cordially accepted and endorsed the Platform.

OUGHT A $5,000 farm to be taxed as heavily as $5,000 of Bank-stock?

The Democrats say yes; they should be *equally* taxed. The Republicans say no. Land ought not to be taxed; but the support of government should be principally put upon active business, which can best afford to pay.

LARGE numbers of Germans, formerly Democrats, are coming out for Gen. GRANT. They believe, what is undoubtedly true, that national ruin would be the consequence of the revolutionary policy which would follow a Democratic victory.

WE hear from Allegheny county that GRANT stock is extra good; and the impression is that SEYMOUR and BLAIR will not carry a single Western State except Kentucky.

THE GERMAN Republicans of Philadelphia are organizing efficiently, and are hard at work for GRANT and COLFAX.

HAVE you organized a Grant and Colfax Club in your district? If not, you have yet to discharge the most important duty you owe to the party.

REASON with your doubtful neighbor, and show him that Grant and Colfax are for peace, while the voice of the rebel Democracy is still for war.

CHARLES FRANCIS ADAMS has declared for GRANT and COLFAX.

"EQUALITY OF RATE OF TAXATION" AMONG THOSE TAXED, is a true and valuable principle. There should be no discriminations in rates, between those upon whom taxes are imposed.—In this sense, taxation should be equal.

But the Democratic Platform proposes that there shall be a like taxation upon EVERYTHING! The luxuries and the necessaries of life are to be consigned to bear an equal burthen. The rich and the poor; the prosperous and the unfortunate; the old and the young, are to be taxed equally upon everything they own! This is the very letter and language of the Democratic Platform. No such sweeping demand for taxation has been heard since the decree went out from CÆSAR AUGUSTUS, that "all the world" should be taxed.

And for what? Not to keep up the Government; not to save the Nation; not to avert the perils of a great danger. *But to pay the principal of the National debt of over two thousand millions of dollars, years before it is due.* For this, the owner of every cottage is to be required to gather up his taxes, and the producer of every bushel of grain is to deduct from his meagre profit a per centage for the tax-gatherer. For this, the day-laborer is to lay by five per cent. of every dollar of his hard earnings. For this, taxation is to be wrung out of EVERY ARTICLE of production and manufacture; and the citizen is to be taxed as he sits down and rises up; upon the table on which he eats, upon the clothes in which he dresses, upon the picks and shovels and tools of his occupation, and upon the bed upon which he lies. He is to be taxed from the cradle to the grave. "EVERY SPECIES OF PROPERTY" is to be taxed. This is the declaration of the Democratic Platform. Consider how monstrously and strongly wicked it is.

We have said that the *avowed* purpose of this enormous and oppressive taxation is to pay the principal of the National debt years before it is due.—The *real* motive of it, is to overthrow the debt by creating, apparently in its interest, a taxation which the country will not endure. If this can be done, and the XIVth Amendment be got rid of, repudiation of the debt will be attained, and an opening effected for assuming a portion of the Rebel debt.

This is the same HAMPTON, FOREST, and PRESTON were working for, in the New York Convention. They succeeded in getting up a policy which, if carried out, will pretty certainly accomplish their infamous purpose.

Let every honest man spit upon the cunning and knavish scheme, concocted in the interest of rebellious Aristocrats, to break down the capital of the North and oppress its labor.

IN the Northern States, the Democracy are unfriendly to the Soldiers who put down the Rebellion, and rarely consent to elect any of them to office.

In the Southern States, the Democracy take pleasure in providing handsomely for Rebel soldiers, in the States which are under their control. In Maryland, Gen. John B. Magruder, who left the Union army and joined the Rebellion, has recently been appointed by Gov. Swann to one of the best offices in Maryland. Admiral Hollins of the Rebel Navy is in another snug place, in one of the Baltimore City Courts. Com. Franklin Buchanan, of the Rebel Navy, who commanded the Merimac near Norfolk and the ram Tennessee in Mobile Bay, and who lost a leg in the Rebel service, has just been elected President of the Agricultural College of Maryland! A lot of the same sort have been lately elected to office in Kentucky; and the Rebel Democracy of that State insist they shall serve, although all of them are debarred from office by the XIVth Amendment to the Constitution of the U. States.

DEMOCRATIC negro clubs, Democratic negro orators, Democratic negro mass meetings, and Democratic Anglo-African barbecues—are appearing and rapidly growing all over the South.—The Charleston *News* has collated a variety of facts on the subject from the various States—showing that in South and North Carolina, Virginia, Georgia, Alabama, Louisiana, Mississippi and Texas, there will be negro voters for SEYMOUR and BLAIR. In one place in Louisiana the Democratic negroes got up a Democratic barbecue and a Democratic ball; and at Yazoo City, Miss., the white Democrats have honored the Democratic negroes by giving them a public barbecue, "as an evidence and a testimonial of our esteem and good will for them, and the value of their noble aid in a just cause and patriotic principles, and as a further token of friendship and union in support of Democratic principles."

WHAT MAY COME.

The Southern Democracy are preparing for another struggle, if they can get the support of a Democratic Administration. A recent number of the Richmond (Va.) *Dispatch*, eulogizing BLAIR's revolutionary letter, says:

"These are, indeed, revolutionary times, and call for revolutionary heroes—*men of nerve, backbone and physical courage.* Whoever hopes to deceive the Northern people, and make them believe that it is only an ordinary Presidential election, pays but a poor compliment to their powers of perception, and marks himself as unfit to be a leader of any party. There was evidently a faction of the Democratic Party at the North which hoped to do this thing; but Blair's letter has rendered it impossible for them to deceive themselves much longer. *They will wake up and trim their lamps soon.*"

UNIVERSAL TAXATION.

The Franklin County Democrats have echoed the Democratic National Platform, and declared in favor of taxation on *all kinds of property.*

The Republicans, on the other hand, think that taxation ought to be chiefly imposed upon those occupations which can most readily bear it; and that discrimination should be made in favor of the laboring poor, and of those occupations which are least profitable.

Choose between the two pluas.

SAMUEL SMALL, Esq., of York, has been nominated by the Republicans for Congress in the XVth District, composed of York, Cumberland and Perry.—Mr. SMALL is known all over the District as a man of exalted character, great liberality, and the finest business ability. His clear head and generous heart have made him a man of mark in the town and county of his residence; and he would bring dignity, integrity, and fidelity to the duties of the position. The District would honor itself by his election.

DEMOCRATIC DESPERATION.

The Petersburg (Va.) *Index* says that should deliverance from Radical rule fail to come, there are millions in the South to whom life will become so worthless, that they would gladly throw it away to be avenged on the adversary.

OUR information from Indiana is that the Republicans will carry the State by 15,000 majority.

THE Southern wing of the Democracy controlled the New York Convention, and will in future control the party as it did before the War.

A striking proof of this is the nomination of SEYMOUR and BLAIR, who are both pledged to revolutionary measures for the overthrow of the existing State Governments in the South. Until the time for the meeting of the New York Convention, this violent policy was not thought of. But it was devised by HAMPTON, FORREST and PRESTON; taken up by FRANK BLAIR, and carried through the Convention with a whirl.

Another proof of the power of this faction is that they secured the adoption, by the Convention, of their old policy of Universal and Direct Taxation. This is the old battle-cry of the *Southern* Democracy. It is now the battle-cry of the *whole* Democracy.—Under it, nothing is to escape. An iron rule is to be applied to every class, to every occupation, to every calling, to *every* species of property. Poverty is to be treated as harshly as wealth; the unfortunate as sternly as the prosperous; the day laborer as rigidly as the salaried official; the serving-woman as exactingly as the rich corporation. To state the policy is to expose its infamous injustice. Yet it is written on the face of the Democratic Platform, and is adopted by their candidates.

THE large majority given by the Democrats in Kentucky, is explained by the terrorism which exists there and has driven from the State some of its best citizens. Anarchy has taken the place of law, and for any man not a rebel Democrat, there is no safety.

A recent letter says:

"We have now before us a letter from a native-born citizen of Kentucky, whose gray-haired father is also a citizen of the State—talented, virtuous and to be respected—that, whose wife and ancestors are also natives of Kentucky, and all of whom occupied a high social position in the community, but who are now condemned because they are not Democrats—from the man thus described we have, we say, a letter asking for employment north of the Ohio River. His business has been destroyed because of his politics, and for himself, his wife and his children, he seeks shelter and work in a State where difference of opinion is tolerated, where the law is protection, and where personal rights are guaranteed and insured to every citizen, whether he be from the East or West, the North or South."

This is the "Peace" which SEYMOUR AND BLAIR promise to the whole South—the peace of murderous brutality.

THE Rebel General FORREST is disqualified from voting in Tennessee, because of his guilty connexion with the Rebellion. He insists upon a restoration of the right of suffrage, and threatens War if the claim of himself and his fellow Rebels be refused.

Hear him, as he recently spoke at the meeting of Confederate officers in Memphis:

"He liked peace, but if any of them were shot down as he expected they would be, *he would cast his horn. He knew that his old troops would answer as they had always done. He bade them arm themselves and be ready. They were already drilled and needed no drilling.* If they were disarmed, it would not be troops in line of battle confronting each other, but citizen against citizen. *He should be in favor of giving no quarter.*"

The horrible massacre at Fort Pillow recalls what he means by "giving no quarter." How do peaceable Northern Democrats relish the programme of one of the leading spirits of their National Convention? We should think that the Democracy of these Border counties would be unwilling to encourage such incitements to another War.

THE WORLD MOVES!

The Richmond *Whig* threatens that if the XIVth Amendment is carried out, the next blow of the Southern Democracy will be at the debt itself.

There is no doubt of this, Upsetting the XIVth Amendment, is the mode adopted for opening the whole question. That done, the Rebel debt would be provided for, and the country would become bankrupt. Beware of SEYMOUR and BLAIR's election.

CALEB CUSHING says:

"The simple question to determine at the election is, Shall General Grant or Frank Blair be President for the next four years? for if Seymour is elected he will not live a year."

General Cushing's intimate knowledge of Governor Seymour, gives force to this remark.

☞Mr. MCPHERSON's speech at the Republican meeting in York must have given the Copperheads a good deal of trouble. At least the *Gazette* has been trying to break its force, by re-producing Manken's slanders, and gives several columns to the dirty work.

ALL OVER the country great enthusiasm is springing up for GRANT and COLFAX. People beginning to understand the issue.

JUDGE ALEXANDER RIVES, one of the eminent men of Virginia, has came out for GRANT and COLFAX.

MORE TERRORISM.

WASHINGTON, August 20.—Letters constantly received here from all parts of the South leave no doubt that the movement to control the negro vote through the agency of landholders and employers who refuse to hire negro laborers voting the Republican ticket, is assuming extensive proportions and pervading every state.

A letter received to-day says: "The system of terrorism successfully used in Mississippi has now begun in Tennessee much more efficiently and thoroughly."

SECRETARY McCulloch on Saturday absolutely declined to appoint any of the Supervisors recommended by Commissioner Rollins under the new Revenue law, unless he could have the selection of one-half of all the appointees. In other words, that the appointments be equally divided between Republicans and Democrats, or between supporters of Grant and supporters of Seymour. This is said by a Washington paper of Monday to be in pursuance of a determination on the part of the President, and those members of the Cabinet who side with him, to give a more active support to the Democratic nominees for President and Vice President. Of course the collection of the revenue, so far as the Supervisors is concerned, is at a dead-lock.

OUR Democratic exchanges are publishing a list of fifteen Union Generals who support Seymour and Blair. Two of the number have already pronounced for the Republican ticket. Five more were retired in disgrace during the war. One of the number has been court-martialed and punished since the close of the war. Two were never in any engagements; one is dead, and of the remaining four the country never heard, unless it be Slocum.

A SON OF DOUGLAS.—Robert, son of that great statesman, Stephen A. Douglas, delivered his maiden political speech at Raleigh, N. C., a few days since. Mr. Douglas recognizes the truth of the dying declaration of his honored sire, that there are only two parties in the country now—a party of patriots and a party of traitors; and he instinctively arrays himself with the former.—*Augusta (Ga.) National Republican, Aug. 16.*

POLITICAL GEMS.

TOOMBS says "Seymour has been true to the South. True in peace and true in war." He knows.

MAXWELL P. Gaddis, a prominent man in Southern Ohio, who switched off into the Democratic party with Doolittle, has come out for Grant and Colfax.

WHEN Seymour was elected Governor of New York, Stonewall Jackson called on rebels at every station from Fredericksburg to Richmond, to cheer the glad news.

HON. L. D. Evans, who was until recently a member of the Conservative Executive Committee of Texas, has openly declared for Grant and Colfax.

GOV SEYMOUR pledges himself, if elected, to defend the Constitution. Does he include the fourteenth amendment? Will he answer? F. P. BLAIR bluntly says he does not.

MR. William A. Gulick, a well-known New Jersey Democrat, residing at Kingston, Middlesex county, and formerly a member of the Legislature, is out for Grant and Colfax.

THE "blind staggers" is now raging with terrible effect among horses in Dorchester county, Md. All the remedies yet tried have proved worthless, and a large number of valuable animals have died.

THE Hartford Courant says: "While the southern Democrats were out on their little excursion under Davis and Lee they killed 5000 Connecticut men. The survivors are invited to elect a President to suit the murderers."

LETTERS continue to be received in Washington from the Southern States urging a session of Congress in September. At first these appeals came from unimportant sources, but now they come from leading and influential men, among whom are many Senators and members of Congress.

HENRY A. WISE, a representative rebel, has lately declared that the rebel cause is not lost; this declaration Wade Hampton re-affirms, and in the affirmation all rebeldom agrees. What, then, means their cordial support of Seymour? What is the lesson from their haste to nominate mad, revolutionary Frank Blair?

In a private letter to the Indianapolis *Journal*, from a prominent Republican of Kentucy, the writer says:

"If Seymour is elected hundreds of Union men will have to leave Kentucky and find homes elsewhere. I speak advisedly. For God's sake fight hard and win if you can. It is our only salvation."

SOME of the Democratic leaders are finding out abusing General Grant is unpopular. In a speech delivered on Friday at Augusta, Maine, Mr. Pendleton paid a high and well-deserved compliment to the General who, said the orator, "has been entrusted with great powers and never betrayed his trust."

DURING the war Gov. Vance said, "he would fight the Yankees till hell froze, and then fight them on the ice; kill them till their feet stuck out of the windows," and on his way home from the Democratic Convention, in a speech at Richmond, he said that "the cause for which the Confederacy fought would be secured by the election of Seymour."

SENATOR Wilson addressed an enthusiastic Grant and Colfax meeting at Worcester, Massachusetts, on Friday night. In his eloquent peroration the Senator said the cause was one which a man could take into his closet, and with open Bible and on bended knees, invoke God's blessing upon it, and such a cause would be sure to triumph and bless the land.

THE Democrats in the Southern States seem determined to hold elections there under the governments set up by the President. This is revolutionary.

Since Gen. Hartranft has occupied the position of Auditor General, the State debt has been reduced more than five million of dollars. Not even the bitterest partizan has attempted to [illegible] the correctness and [illegible] performance of his official duties.

THE Democratic "White Boys in Blue" prosecute their canvass after this fashion: At Indianapolis on the 18th instant, after sacking a colored man's grocery on their way home from a political meeting, "they went to the colored Baptist Church, where a festival was in progress, drove off the women with violent and obscene language, and by throwing stones, bricks, &c., broke up the windows and seriously damaged the church. Several shots were also fired here."

SAMBO AND HIS DEMOCRATIC FRIENDS.—While the Democratic candidate for the Vice Presidency goes about the North berating the freedmen as "semibarbarous blacks," "idle vagabonds," "degraded beings," and an "alien race of semi-barbarous men," the Richmond *Enquirer*, Charleston *News*, Charleston *Mercury*, Mobile *Advertiser*, Macon *Telegraph* and other Rebel sheets, are filled with appeals to the emancipated slaves to support the Democratic party on the ground that it "is their best friend."

AN exchange says: "Raphael Semmes, the cowardly pirate who burned our unarmed merchant vessels on every sea, has announced his satisfaction with the nomination of Seymour and Blair. So has Toombs, the traitor Senator of 1861; so has Cobb, Mr. Buchanan's faithless Secretary of the Treasury, who deserted his post and perjured himself to take a position in the Rebel Government of Jeff. Davis; so has Albert Pike, whose Indians scalped our dead at Pea Ridge: so has Beauregard, who urged the Rebel Government to put to death by the *garrote* its prisoners of war; so has the Rebel Gen. Preston, who left his post as United States Minister to Spain, came home and drew his pay in gold from the Treasury that Cobb had impoverished, and then hastened to take a command in the Rebel army."

THERE seems to be a great discrepancy of opinion in the Democratic party in regard to the eligibility of the Freedman for citizenship. If you go down South, to Louisians, for instance, you find the Democrats soaping the Black Man within an inch of his life, and as if they actually expected to wash him as white as snow. So far as we can discover, he is considered to be an enlightened scholar and a perfect gentleman, provided, always, that he will vote for Blair and Seymour; but, if he shows the least inclination to go for Grant and Colfax, he becomes at once a perfect ignoramus and an incorrigible brute. When the Democrats wanted his vote in Virginia, they were really what sailors call "bloody politeful," and kindly pressed him to make speeches upon their own particular platforms, just as if he had nothing to do with the transgression of Canaan.—*N. Y. Tribune.*

The Cincinnati *Gazette* very sensibly remarks that "we entertain an absolute confidence that, with such honest work as was given to the canvass in 1864 or in 1860, Grant and Colfax will be elected by overwhelming majorities. But that result cannot be attained without work. We have not therefore deprecated, as have some of our cotemporaries, the sober views of the prospect that have once or twice been suggested by influential Republican journals. The chronic danger of the Republican party—the danger of any party made up of intelligent, independent thinkers, who vote according to conviction rather than through party discipline—is that of taking success for granted. We are the more liable to it now since we have a long-formed habit of success. But the times are critical, and we have need to look to our canvass. We are sure to win if we work, but we are not sure to win without work."

Special Notice.

A DDRESS TO THE NERVOUS AND DEBILITATED, whose sufferings have been protracted from hidden causes, and whose cases require prompt treatment to render existence desirable; if you are suffering, or have suffered, from involuntary discharges, what effect does it produce upon your general health? Do you feel weak, debilitated, easily tired? Does a little extra exertion produce palpitation of the heart? Does your liver, or kidney organs, or your kidneys, frequently get out of order? Is your urine sometimes thick, milky, or ropy, or is a sediment on settling? Or does a thick scum rise to the top? Or is a sediment at the bottom after it has stood awhile? Do you have spells of sick headache, or dyspepsia? Are your bowels constipated? Do you have spells of fainting, or rushes of blood to the head? Is your memory impaired? Is your mind constantly dwelling upon this subject? Do you feel dull, listless, moping, tired of company, of life? Do you wish to be left alone, to get away from everybody? Does any little thing make you start or jump? Is your sleep broken or restless? Is the lustre of your eyes brilliant? The bloom on your cheek as bright? Do you enjoy yourself in society as well? Do you possess your business with the same energy? Do you feel as much confidence in yourself? Or are your spirits dull and flagging, often to fits of melancholy? If so, do not lay it to your liver or dyspepsia. How are you rested nights? Your back weak, your knees weak, and have but little appetite, and you attribute this to dyspepsia or liver-complaint?

Now, reader, self-abuse, venereal diseases badly cured, and secret diseases are all capable of producing a weakness of the generative organs. The consequence of generation, when in perfect health, make the man. Did you ever think that those bold, defiant, energetic, persevering, successful business-men are always those whose generative organs are in perfect health? You never hear such men complain of being melancholy or nervous, or of palpitation of the heart. They are never afraid they cannot succeed in business, they don't become and and discouraged; they are always polite and pleasant in the company of ladies, and look you and them right in the face—none of your down-cast looks or any other meanness about them. I do not mean that such men as these are indulged by running to excess. These will not only ruin their constitutions, but also those they do business with or for.

How many men, from badly-cured diseases, from the effects of self-abuse and excesses, have brought about that state of weakness in those organs that has reduced the general system so much as to induce almost every other disease—idiocy, lunacy, paralysis, spinal affections, suicide, and almost every other form of disease which emanates. If hair to it, and the real cause of the trouble scarcely ever suspected, and have doctored for all but the right one.

Diseases of these organs require the use of a Diuretic. HELMBOLD'S FLUID EXTRACT BUCHU is the great Diuretic, and is a certain cure for diseases of the Bladder, Kidneys, Gravel, Dropsy, Organic Weakness, Female Complaints, General Debility, and all diseases of the Urinary Organs, whether existing in Male or Female, from whatever cause originating, and no matter of how long standing.

If no treatment is submitted to, Consumption or Insanity may ensue. Use Buchu and save expense, and of from these sources, and the health and happiness, and date of Posterity, depends upon prompt use of a reliable remedy.

Helmbold's Extract Buchu, established upward of 18 years, prepared by H. T. HELMBOLD, Druggist, 594 New York, and 104 South 10th street, Philadelphia, Pa. Price—$1.25 per bottle, or 6 bottles for $6.50, delivered to any address. Sold by all Druggists everywhere.

EAGLE SHOT.—Mr. WM. FONNEY, of Mountjoy township, shot on Wednesday last, at the head of Horner's dam on Rock Creek, a Bald Eagle, measuring five feet five inches from tip to tip.

ANOTHER RACE.—A race will come off to-morrow (Saturday) afternoon, at 2 o'clock on the Mummasburg road, about 2 miles from Gettysburg, between "Cashier," owned by Dr. T. T. TATE, of this place, and "Lady Jane," owned by F. RAHTER, of Philadelphia—stakes $200.

CONGRESSIONAL CONFERENCE.—The Republican Congressional Conference will met at McIlvaine's Tavern, in Fulton county, on Wednesday September 2. The Conferees from this county are Col. F. B. PICKING, Dr. R. HORNER and PETER SHIVELY.

CALLED.—The Presbyterian Church in this place has extended a call to the Rev. GEORGE N. JOHNSTON, of Knoxville, Ills., paying $1000 and parsonage. Mr. JOHNSTON is a nephew of the late ROBERT JOHNSTON, formerly Pastor of the church. He is a young man of ability, and it is understood will accept.

CORNER STONE.—The corner stone of the new Reformed Church at Littlestown was laid on the 15th inst. Revs. J. M. Clemens, W. E. Krebs, Jacob Sechler, W. K. Ziebur, W. R. H. Deatrich and W. F. P. Davis, assisting in the exercises. The church is to be built of brick, 38 by 60 feet, with a spire. It is to be completed by the Holidays.

RAILROAD MEETING.—Another Railroad meeting was held in Petersburg, (Y. S.,) on Saturday last. The Committee appointed to collect funds for a survey of the proposed road reported that over $1400 had been subscribed. Gen W. W. WRIGHT was authorized to organize a company to make a survey of the route from Petersburg or York Springs, by way of Dillsburg, to New Cumberland, on the Northern Central Railroad. We understand that Gen. WRIGHT expects to commence the survey about the 10th or 15th of September.

A CENTENNIAL SERMON.—We have had upon our table for sometime a handsome copy of the Proceedings in the North Congregational Church, Newburyport, Mass., on the occasion of its one hundredth anniversary. The conspicuous feature in the proceedings was the Discourse of the Pastor, Rev. WILLIAM ANDERSON MCGINLEY, formerly of this county, and now one of the leading ministers of the Old Bay State. The great success which has attended his labors in the important sphere in which he moves, cannot but be a souce of comfort and satisfaction to all his friends.

PENNSYLVANIA STATE FAIR.—The Penna. State Fair will be held at Harrisburg, commencing September 29th, 1868, and will continue four days. It promises to be one of the largest ever held in the State. The locality is very central, and accessible from all parts of the State by railroads.—We are informed by the Secretary that already many inquiries are being made by exhibitors with great promises of an exhibition of their articles. The grounds contain sixty acres and are located on the banks of the Susquehanna, within a convenient distance of the City of Harrisburg, and about one-half mile from the line of the Penn. Railroad. The locality should insure a large and most interesting fair.

SEYMOUR MEETING.—The Democracy held a public meeting in the Courthouse on Wednesday evening. After protracted drumming they succeeded in getting together enough Democrats and Republicans (the latter drawn out by curiosity) to make a respectable show, numbering in the aggregate about the same as the Republican meeting on Friday. WM. A. DUNCAN, Esq., Democratic candidate for District Attorney, opened the ball in a fierce attack on Republican extravagance, and was followed by WM. MCCLEAN, Esq., who savagely attacked the Congressional policy of Re-construction. By this time the Republicans had generally satisfied their curiosity and went their way, with sundry Democrats who seemed equally satisfied with the show, leaving E. B. BUEHLER, Esq., to conclude the performance with a lengthy discussion of matters and things in general.

REPUBLICAN SENATORIAL CONFERENCE.—The Senatorial Conferees of this District met at Graeffenburg on Tuesday last, August 25. Franklin county was represented by Col. James G. Elder, H. C. Greenawalt, Esq., and W. S. Keefer, Esq; Adams County by Gen. W. W. Stewart, Col. C. H. Buehler and Col. E. G. Fahnestock. Col. J. G. Elder was called to the chair and Col. E. G. Fahnestock appointed Secretary.

The name of Col. W. D. DIXON having been presented by Franklin County as a candidate for State Senator, on motion of Col. C. H. Buehler the nomination was made unanimous.

The following Resolution was then unanimously adopted:

Resolved, That in Col. WM. D. DIXON, we present to the voters of the 17th Senatorial District, a candidate whose loyalty and devotion to the country have been amply tested by honorable service as a true and gallant soldier; whose unblemished personal character and stern integrity give a sure guarantee that in him our people will have an honest, faithful public servant—a true Representative of the popular will—and a legislator whose official action cannot be controlled by corrupt or other improper influences.

DAMAGE CLAIMS.—The Commissioners appointed to assess the damages sustained in the border counties during the war, have adjourned, after appraising the damages in Perry, Bedford, Fulton and part of Franklin. The following is the list of claims and the amount as far as received up to the 13th of August:

Perry,	3 claimants, amounting to	$	582.85
Bedford,	44 "	"	3,613.17
Fulton,	112 "	"	36,594.39
Franklin,	460 "	"	287,262.74
Total,	619		$328,417.15

Or about an average of $449.78 to each claimant. There have been claims as low as eight dollars and fifty cents ($8.50), and as high as thirteen thousand four hundred and forty-three dollars and fifty cents ($13,443.50) presented. The highest is by ex-Sheriff Taylor, of Franklin county, who had a fine drove of fat cattle taken from him by the rebels, near McConnellsburg, in 1863.

A majority of the claims in Franklin county have not yet been presented. The Commissioners will meet again at Mercersburg on the 8th of September, at Waynesboro' on the 10th, at Chambersburg on the 11th and at Shippensburg on the 15th.

HORSES STOLEN.—This neighborhood seems to be infested with Horse Thieves. A few weeks ago we announced the stealing of two horses of JOHN WAUGH of Hamiltonban township. On Sunday night last, EMANUEL WRIKERT, of Cumberland township, lost two; while several disappeared last week from the neighborhood of Emmitsburg.

Detective Rouzer traced two men to Baltimore, named Charles Messersmith and ——, suspected of stealing Mr. Waugh's horses, where they were arrested. The latter is also charged with stealing horses in York county, and has been taken to York for trial. The former will be brought to this place.

It is supposed the gang of thieves operating in this county have their headquarters in Baltimore.

Several men were seen going down the pike on Sunday night, towards Baltimore, with two horses, supposed to be Mr. Welkert's.

REPUBLICAN MEETING.—A large and enthusiastic Republican meeting was held in the Court-house on Friday evening last under the auspices of the Borough "Grant and Colfax Club." Capt. A. M. HUNTER called the meeting to order, when the following officers were chosen: President—Hon. J. B. Danner.

Vice Presidents—Josiah Benner, George B. Stover, John L. Tate, Henry Comfort, James J. Wills, Michael Spangler, Henry Garlach, E. H. Minnigh, Wm. S. Hamilton.

Secretaries—Capt. T. C. Norris, Capt. John F. McCreary, Lieut. Wm. R. Eyster.

D. MCCONAUGHY, Esq., addressed the meeting in an able and earnest speech, in which he traced the origin and formation of the Republican party, growing out of the demoralization of the Democratic party in surrendering to the Slave Power—the attempt to nationalize Slavery—the Kansas agitation—and its later history, culminating in the election of Lincoln in 1860 and his re-election in 1864; closing with an examination of the character of the candidates presented by the Chicago and New York Conventions for National officers.

Hon. EDWARD MCPHERSON followed in an able and forcible discussion of the issues involved in the Campaign, which had been squarely presented by the Democratic Convention in its platform and candidates. The New York Convention, in its platform and through its candidates had given fair notice that if the Democratic party be successful this fall, the whole work of Congressional reconstruction would be ignored and the country subjected to renewed agitation, while Frank Blair in his Broadhead letter boldly proclaims that it will be the duty of the President to break up and disperse, by the military power, the Southern State Governments. Here is a direct issue—the election of GRANT AND COLFAX involving Peace and a speedy completion of the work of Re-construction—that of SEYMOUR AND BLAIR involving renewed agitation and Civil War. Mr. MCPHERSON reviewed the work of Reconstruction—the importance of the 14th Amendent to the Constitution—and the financial plank of the New York platform, which declares equal taxation on all classes of property, and closed with an eloquent appeal to the friends of GRANT AND COLFAX to organize and work for victory. The meeting adjourned in fine spirits.

MCPHERSON'S MANUAL.—We have before us a copy of the Political Manual for 1868, prepared by our colleagu e, Hon. EDWARD MCPHERSON, giving in compact from, 1. All the Orders, Letters, Messages, and Votes in Congress, respecting Secretary Stanton; 2. The Articles of Impeachment of Andrew Johnson with his Answer, the Votes thereon in the House, and the Judgment of the Senate; 3. Correspondence between Gen. Grant and President Johnson growing out of Stanton's suspension; 4. Letters, Papers, Testimony, Political-Military Orders, and Report of Gen. Grant; 5. Digest of Orders of Military Commanders, and General Action under the Reconstruction Acts; 6. Abstracts of new State Constitutions; 7. Supplemental Reconstruction Messages; 8. President Johnson's Proclamation and Orders; 9. Members of the Cabinet and of the XLth Congress; 10. Votes in Congress on Political Bills and Resolutions; 11. The XIVth Amendment to the Federal Constitution and Legislative action thereon; 12. Financial Legislation of Congress, including the Loan and Legal-Tender Acts; 13. National Platforms since 1852 inclusive; 14. Election returns from 1860; 15. Taxation, Revenue, and Expenditures for several years past; 16. Letters of the National Candidates, &c., &c.

We are glad to learn that the work is commanding a very large sale. Both the Republican and Democratic National Committees have ordered large numbers. Its fullness and impartiality make it a *sine quanon* to every intelligent politician. The New York *Tribune* thus speaks of it:

"No canvasser, no matter on which side, can afford to be without this volume, and any non-canvasser who attends meetings addressed by Copperheads can, with this book in his hand, detect and expose at least a few lying Copperheads in each half hour of such speaking. It must be interesting for a pimple-figured person to [illegible] Pendle, while Pinpand Hemlock. His book is not only large, but its arrangements are such that he can sell at the very lowest cash rates. Also, constantly on hands Black-smith, Lime-Burners' and Stove COAL. tf

☞ It is a well-known fact that the Circassian beauties possess magnificent heads of hair. If its possession can lend additional charms to the semi-enlightened ladies of Circassia, how much more does t adorn the beauty of our highly-cultivated American belles. NEWS OF NEIGHBORING COUNTIES.

CARROLL.—The Farmers' and Mechanics' National Bank has made a dividend of five per cent.—Wm. A. McKellip, Trustee, has sold the farm of H. B. Shroder, containing 58 Acres of Land, more or less, to Geo. T. Merring of Westminster for $3,600 cash.

CUMBERLAND.—Capt. J. T. Zug has been appointed Notary Public at Carlisle, to succeed R. A. Noble.—The Democratic voters, by a majority of 636, have adopted the "Crawford county system" of nominating candidates.—On Saturday night the store of Messrs. Elcock & Son, in Mechanicsburg, was entered and robbed of silk goods and other articles to the value of about five hundred dollars.

FRANKLIN.—John S. Hassler, near Loudon, was seriously injured on the 19th, while unloading some heavy timber, one piece rolling off the wagon and striking him on the head.—James Watson, a well known citizen of Chambersburg, died on Sunday last, aged 80 years.

WASHINGTON.—Dr. Henry Grosh, of Williamsport, has a mare now in the 36th year of her age, which is able to haul four persons from Williamsport to Hagerstown, a distance of six miles, in a little over an hour's time. She can cat corn as well as a young horse, and does not seem to have any defects whatever in her limbs. She was raised by James McCoy deceased, and was a racer in her younger days.—David Cramer, of Hagerstown, had his ankle so badly injured last week by the accidental discharge of a gun, while out gunning, as to require amputation.—Col. A. K. McClure delivers the annual address before the Washington county Agricultural Fair in October.—Christian Barthouse hung himself in the barn of Israel Rife, near Hagerstown, on Friday last.

YORK.—Samuel B. Heiges has resigned his position of superintendent of common school of York county, to take effect on the first of October.—An unusual amount of sickness prevails at York, over 400 cases of fever of typhoid type being reported. The *True Democrat* thinks the cause lies in some impurity in the Codorus, which supplies the town with drinking and cooking water, and suggests that the washing from magnetic iron ore in Seven Valley may have something to do with it.—Philip Fackler, of West Manchester, aged 67, was found dead in bed in York on the 19th, from appoplexy.—Last week, Mr. L. Meyer, engaged at the brewery of Mr. Ambrose Schmidt, Hanover, met with an accident while lifting some heavy boxes, one of them falling upon his right foot and severing the large toe.—Mr. Jeremiah Kohler has sold his large hotel on Pleasant Hill, Hanover, to Prof. A. M. Trimmer, of Carlisle, for $5,300.—On the 11th inst., the body of Daniel W. M. Smith, a son of Mr. Enoch U. Smith, of Chanceford township, was found suspended by the neck from a leather strap, which had been used as a swing in the neighborhood of the barn on his father's premises, supposed to have been accidental.

GENERAL GRANT crushed the rebellion. The present political contest is the endeavor of the rebellion to crush him.

NINE trunks and seventy-dresses are accredited to one lady at Saratoga.

IN Utica, New York, ten children were lying dead one day recently from eating unripe fruit.

A WEALTHY gentleman in New York intends to get up a banquet of horse flesh during the coming fall.

THE men who cursed our dying heroes at Andersonville are now shouting for Seymour and Blair.

THE hands which cut down the boys in blue on the battle-field will all deposit Democratic ballots next November.

EX-GOV. Bradford, of **Maryland**, and a large number of Maryland "conservatives" who opposed the Republican party since 1865, intend to support the Chicago nominations.

NELSON Cullings, Esq., a prominent Democratic politician in Baltimore county, and a member of the Democratic Executive Committee, has announced his intention of voting for Grant and Colfax. Still they come.

A CINCINNATI despatch says that the cattle plague continues to spread among the dairies which supply that city with milk.—Forty-four cows died during Sunday, and thirteen others were reported in a dying condition yesterday.

IT is said that Oliver Dalrymple, who is the largest farmer in the State of Minnesota, having one thousand seven hundred acres devoted to wheat, will have cleared one hundred thousand dollars from the last two harvests, which includes the one now being secured.

THE cattle plague continues its ravages in New York and the West. Despite the vigilance of the New York authorities, diseased cattle continue to arrive in various parts of the State. Seventeen cows, belonging to one dairy, died in Cincinnati on Saturday.

The Providence Press says: Mr David Makepeace of Norton, Mass., will be 101 years old in the month of September next. He still does work on his farm, and last July mowed on a wager against a gentleman of 87 years of age, beating him a rod. He has voted for every President of the United States, and intends to vote for Grant and Colfax the coming election.

THE difference between the Seymour party and the Grant party is this—when in 1861, the latter said, "Carry on the war," the former said, "Stop it!" Now, in 1868, when the latter says, "Let us have peace," the Seymour and Blair party calls out, "Let us have war." The people who were for war in 1864 are for peace in 1868, and *vice versa*.

FRANK BLAIR was nominated by the soldiers. Of course he was. General Preston, of the rebel army, nominated him. Wade Hampton seconded the nomination, and General Forrest supported it. Thus set in motion it carried the convention by storm, and this class of soldiers are to support him. The "boys in blue" will leave the graybacks to perform that service.

CORRESPONDENCE.

COLUMBUS, Ind., Aug. 7th, 1868.

MESSRS. EDITORS:—A little incident occurred here the other day, which may be of interest to your readers. A young man, by name FRANK LAIRHEAD, while sitting quietly before the door of his place of business was suddenly accosted by a man who had just stepped up, with—"Well, Frank, how's Grant and Colfax?" On being carelessly answered, "all right," he commenced in the regular "unterrified manner," denouncing Grant & Colfax and every lover of the Union, concluding by telling Frank that he (Frank) had fought on the wrong side by being in the Union army, and that he was one of the Country's destroyers instead of defenders.—When he said this he was standing immediately in front of Frank, but in less than no time was seen getting up about the middle of the street, and striking for the nearest corner, and disappeared from view. This ends Act 1st. The curtain was "dropped," so was the anti-war-man.

Act. 2d. Consists of a trial before the Mayor, and Frank gets *lots* of Democratic justice—is fined $17.35, for the offence. Of course he did not like this, and felt a little sullen at the thought that after four or five years' hard fighting for his country—against rebels, he had to take their abuse—or pay them well for the privilege of resenting. But Act. 3d suddenly lightens the prospect. A letter is placed into Frank's hands, and enclosed in the same envelope was found $17.35, the amount of costs. The letter ran as follows:

Dear Sir:—By the enclosed you will find that the same issues which the friends of the Union believed in and sustained during the last war, are as immutable as ever. The part of those principles to which the above has reference, is that part which provides for the payment of all debts occasioned by the whipping of rebels. The principle is the same either collectively or individually. Hoping you will not receive this as a matter of charity, but as a duty, and that when you make any more shots for the Union, you will make them all counts equally well, we are Your Friends &c.

I just give you the letter verbatim, as received by Frank. Yours truly, A. S.

☞When a gentleman asked a celebrated divine the other day how long he had been in preparing a certain sermon in which he had displayed even more than his great average ability, the reply was, "A lifetime, sir!" So if any one were to ask Helmbold, the celebrated New York druggist, how long he had been in building up and perfecting that admirable system of advertising which has made him, beyond question, the peer of the merchant princes, he might, with propriety, reply by pointing to the long years that have elapsed since, as a beginner in life, he first invested his gains in the columns of the newspaper press, with a confidence that, like bread cast upon the waters, the returns would be both ample and sure. And, while yet a young man, Helmbold finds himself a millionaire, with a business upon his hands which, despite all the contingencies of trade, is constantly increasing. How much of this success is due to the liberal and extended system of advertising, of which this gentleman is the most prominent representative, is not difficult to ascertain, and is the best argument in vindication of a system which, it is due to say, is every day gaining ground among the live and enterprising business men of the country.

Helmbold's drug store, No. 594 Broadway, New York city, is in all respects a model establishment, and is pronounced by all who have visited it the finest on the continent. Among the specialties which Helmbold has placed prominently before the public are his now famous Fluid Extracts—Buchu and Sarsaparilla. These fluid extracts have been endorsed by the medical faculty, and are quite generally used by physicians in their private practice. They are, therefore, *genuine* preparations, and as such are entitled to public confidence. Buchu has long been pronounced by physicians one of the best diuretics known to science, and as compounded in Helmbold's Extract is doubtless the best specific for those affections for which it is recommended.—*Exchange.*

TAKE LESSONS FROM YOUR ENEMIES.

Mr. Wallace, the chairman of the Democratic State Central Committee, makes it convenient to attend the conventions held by that party in the different counties. Recently he addressed a convention of that kind in Pottsville, where he addressed the faithful in the following language:

I come on business, and if I can meet you as I wish, it may be productive of good. What business is more important than that which tends to the preservation of the lives and property of citizens? I ask the same attention to this in the spirit which you attend to your private business. The successful merchant attends strictly to the details of his business; likewise the mechanic and the farmer.

Politics is a business and must, if we wish to be successful, be attended to with like care and fidelity. *Organize from the bottom up, not from the top down.* We must pay close attention to the details.—What are those details? Simply, to write down all the names of all Democrats, and of all doubtful voters.—Have an executive committee that shall attend to this. Subdivide your election districts, and bring all the weight of your influence to bear on the doubtful ones to change them. *Go to work and don't blow about it. Do it silently. Hold your tongue about what you do. There is always some one in a locality who is weak-kneed. Go at him carefully and fix him.* I come here to urge you to this work.

Don't depend on shows, processions and meetings. They don't amount to anything. Go to your executive committee and it will give you useful work to do.

If you fail to make converts, why resolve to organize the Democracy and go as a phalanx to the polls. Take warning by the falling off of your vote in 1867, by Democrats staying at home. See that every man comes to the polls on the day of election. Bring them if necessary. This work will tell in its influence in the coming election. Attend to the men ready to be naturalized. The chairmen of the State and County Committees are powerless unless you join with them and assist. If this work should be done victory will be won. I come to impress upon you the necessity of organizing. The material for the work is in the hands of the County Committee. Form clubs, and *remember that if we carry the Keystone State in October, the West will go for Seymour and Blair. The turning point is October.*

Let Republicans and ORGANI[illegible] take these hints; [illegible] AT ONCE.

A MINNESOTA paper states that a new bug has made its appearance in that State, whose mission it appears to be to destroy the potato bug. It is described as being flat, one-third the size of the potato bug, and yellow or reddish, with black spots. Its mode of operation is to thrust its sword-like proboscis into its victim, which is then dragged off to be devoured at leisure.

DELICATE persons often outlive by half a life-time the robust and the strong, because they feel compelled to take care of themselves, that is, to observe the cause of all their ill-feelings, and habitually avoid them.

"We're in a pickle now," said a man in a crowd. "A regular jam," said another. "Heaven preserve us," mourned an old lady.

A MAN named Tease has married a Miss Cross in St. Louis. He teased her until she agreed she would'nt be Cross any more.

THAT only which contents a man, when youth and follies are passed, can be counted a success, and all else is failure.

MARRIAGE is like a mouse-trap, once get into it and you are in for it, with a very slim chance of getting out.

WHAT is that by losing an eye has nothing left but a nose? A noise.

Star Agricultural Works.

THE ALBANY COTTON GIN MANUFACTURING CO., Albany, New York, Manufacturers of Several Agricultural Machinery, comprising the celebrated "Star" Threshing Machines; "Star" Railway (or Endless Chain) and Lever Horse Powers; "Star" Cotton Gins and Condensers; Circular Cross-cut Saw mills; Vegetable Cutters; Corn Shellers; Corn and Feed Mills; Power Corn Shellers; Dog Powers, &c., &c.

We wish to call the particular attention of Farmers to our celebrated "STAR" THRESHER AND CLEANER, which, as lately improved, we claim is far superior to any other machine now in market. It is compact and easily portable, simple in its construction, and therefore easy to operate by the most inexperienced, and will do its work with marvellous rapidity and perfection, and with comparatively the least demand upon the strength of the animals driving it.

We have made recent improvements in this machine by which we are enabled to *thoroughly clean the grain* under almost any combination of difficulties, and we are now using an entirely new and effective device for relieving the feeder of dust, thus making the operation of threshing as comfortable and safe as with the ordinary machine it is separating and frequently destructive of health.

These Machines are made of suitable sizes for one "Star" Railway 2 Horse Power and for one "Star" Lever Powers for 4 and 6 horses.

For sale by our agents and dealers generally. For full particulars, send for our Illustrated Descriptive Circular and Price List. Correspondents will please address THE ALBANY COTTON GIN MANUFACTURING CO., P. O. Drawer 162, Albany, N. Y.

THE GREAT CHOLERA PREVENTATIVE.

I. L. 1866. L.

THE GREAT

Zingari Bitters.

THIS WONDERFUL REMEDY was discovered and introduced about twenty years ago by Dr. S. Cheopem, an eminent Egyptian physician.

He had long seen and felt the want of some remedy which would reach at the root of disease, and so prevent much of the suffering which the human family was then compelled to endure.

This great specific was presented to his mind every day in vivid colors as he moved among the sick and dying, and observed the inefficiency of nearly all the remedies then in use. These he was led to think and experiment; and after ten years' study and labor, he presented to his fellow-men the wonderful Zingari Bitters. The effect of this preparation in the prevention and cure of disease was so marvellous and astonishing, that the most flattering marks of royal favor were bestowed upon him who discovered it. His name was placed upon the Roll of Nobles, and a gold medal with the following inscription—Dr. S. Cheopem, the Public Benefactor—was presented to him by the Viceroy.

The preparation has been used in several epidemics of cholera, both as a preventive and curative measure, and with such great success, that it has been introduced into nearly all the general hospitals of the old world.

The old saying that an ounce of prevention is worth a pound of cure, applies with marvellous force to cholera, and therefore any remedy that will protect us against this terrible disease should be freely and persistently used.

All pathologists now agree that the cholera poison acts on the system through the blood, and that any combination which will keep the blood pure, and keeps them in working order, must prevent a sufficient accumulation of the poison to exert its terrible effects on the organism. This will be not only of cholera, but of nearly all other maladies, especially the different forms of fever.

The Zingari Bitters is just such a remedy as the above conditions require. It acts on the organs of excretion and secretion, thereby setting up a perfect balance between them. This Bitters is composed entirely of roots and herbs, so nicely concocted that every organ is acted upon and put in tone. Its taste is pleasant and its effects prompt and lasting.

Numerous cases of the following diseases have been cured by it: Cholera, Diarrhœa, Dysentery, Scrofula, Typhoid and Typhus Fever, Fever Ague, Nervous Debility, Anæmia, Female Irregularities, Dyspepsia, Pintilancy, Colic, &c.

Price One Dollar per quart Bottle.
